Fence height at its lowest point. List by feet:

Fence is made of:

How big is the fenced area of the yard?

Does anyone in your household have allergies that could affect fostering of pets

Do you presently own pets?

If yes, please list breeds & ages:

Are these animals spayed/neutered?

If no, why not?

Are your pets current on vaccinations?

Paws Animal Rescue requires all animals currently residing in your household to be up to date on their rabies vaccine. You will be asked to provide proof of rabies.

List any medical issues of your current pets:

Your veterinarian's name and phone #:

Please describe briefly why you would like to be a foster parent :

Type of Animal preferred: Dog Cat

Any preference in age?

Preference in activity level?

Have you fostered cats or dogs before?

If yes, for what foster care program?

Please describe your level of animal handling experience with puppies & dogs:

Please describe your level of animal handling experience with kittens & cats:

Will you be able to separate foster animals from your own animals ?

How many hours during each work day will a foster dog be without direct care?

Where will the dog stay when you are home? Will you have time to play and give the dog attention?

Where will a foster dog stay while you are at work or when you are not home

Where would a foster dog sleep at night? s

What is the maximum time you are able to foster?

If there is a time limit, please explain

Will you be able to transport your foster pet to/from pet adoptions/other events?

Do you have any objection to Paws Deep Animal Rescue conducting an on-site visit to your home where the foster animal(s) will be kept?

Foster care is temporary care provided by responsible, compassionate and caring adult volunteers for Paws Deep Animal Rescue (PDAR) cats and dogs until they can be adopted to quality homes.

Providing a good home environment with proper socialization, exercise and loving care gives our foster animals a better chance of being placed more quickly.

We do not operate a shelter and rely on our foster homes for the success of our adoption program. Being able to place dogs and cats in foster homes allows us to increase the number of animals we can rescue.

PDAR will provide food, litter, crates, and other items as needed for the animal while it is in your care at home. PDAR will provide necessary veterinary care for foster animals and provide continued support and guidance to the foster family. PDAR will make all decisions in regards to the health and medical treatment of the animals in the program. If there is an emergency, PDAR needs to be notified immediately. PDAR will not pay for any expenses that are not approved by the rescue, to include medical care. If an unauthorized medical decision is made, PDAR will not assume financial responsibility.

You will be expected to keep the foster animal safe and secure, provide food, water, love and respect, exercise enrichment, socialization, basic obedience and house training as needed to make the foster animal more adoptable and better suited to the right home. You will return the foster animal to PDAR when requested to do so; not promise the animal to anyone or imply that you have the authority to approve a potential adoption. PDAR retains ownership of all animals placed in foster care and will make all decisions regarding the adoption and placement of the animals fostered. The foster parent is responsible for transporting the foster animals to and from pet adoptions and vet appointments as required, unless other arrangements are made.

Foster services performed by an individual are voluntary and are without any express or implied promise of salary, compensation, or payment of any kind.

I have read and understand the questions and statements in this application. I certify that all the information contained in this application is true and correct and I understand the responsibilities I will undertake as a foster parent. I understand that although PDAR takes reasonable care to screen animals for foster care placement, it makes no guarantees relating to the animals' health, behavior or actions. I understand that there exists a risk of injury or illness to my own or other animals, to me, my family and other persons who come into contact with any PDAR animals, as well as risk of personal property loss or damage. I understand that I receive foster care animals at my own risk and can decline to accept any animal for which PDAR has asked me to provide care. I acknowledge that PDAR is not responsible for any property damage or personal injury suffered by me, members of my household, including my own animals, or any third parties during a foster placement. I assume the risk of all injuries and/or property loss or damage in connection with my foster volunteer duties for PDAR. I assume liability to provide adequate controls to prevent such damage or injury. I indemnify and hold harmless PDAR from any negligence caused by me.

I hereby release PDAR, its officers, directors, participants, volunteers and affiliates from any and all claims, actions, liabilities, damages and costs of any kind arising out of fostering, transportation or any other work or activity with any animals connected with PDAR.
